| Models:       | Particulate Respirators:                          | Health Care Respirators: |
|               | 9310+                                             | 1872V+                   |
|               | 9312+                                             | 1873V+                   |
|               | 9320+                                             |                          |
|               | 9322+                                             |                          |
|               | 9330+                                             |                          |
|               | 9332+                                             |                          |

Technical Specification: Harmonized European Standard: EN 149:2001+A1:2009

Product Description: The particulate respirators are designed to protect against solid and non-volatile liquid particles. The masks are held on the face by a pair of elasticated straps. Some models incorporate a single exhalation valve. The models are single shift devices (denoted by the classification symbol NR) and have the Dolomite Clogging option (denoted by the classification symbol D).

| EN 149 Classification: | Model  | Valved     | EN149 Classification |
|------------------------|--------|------------|----------------------|
|                        | 9310+  | Not valved | FFP1 NR D            |
|                        | 9312+  | With valve | FFP1 NR D            |
|                        | 9320+  | Not valved | FFP2 NR D            |
|                        | 9322+  | With valve | FFP2 NR D            |
|                        | 9330+  | Not valved | FFP3 NR D            |
|                        | 9332+  | With valve | FFP3 NR D            |
|                        | 1872V+ | With valve | FFP2 NR D            |
|                        | 1873V+ | With valve | FFP3 NR D            |

# EU Type Examination Certificate

No. CE 682245

## Packaged variants

In addition to the products referenced on this Certificate the standard industrial products may also be sold as market specific packaged variants. Such variants will be differentiated and the Technical File(s) will be updated with the appropriate information.

## Kits and packouts

The products referenced on this Certificate may also be combined with other 3M products into a kit or packout. There will be no change to the product but the User Information may vary, in such instances the applicable Technical File(s) will be updated with the appropriate information.

## Certificate Administration Details

Technical File Reference: 3M TF0478

## Certificate Amendment Record:

## Certificate validity

The Certificate holder is responsible for ensuring that the Notified Body is advised of changes to any aspect of the overall process utilised in the manufacture of the product, failure to do so could invalidate the Certificate in respect of product manufactured following the introduction of such changes.

The validity of the Certificate for the products is also dependent on the maintenance of the EU Conformity to Type Based on Quality Assurance of the Production Process, Annex VIII (Module D), as referenced on BSI issued Certificate CE 595701.
