UKCA Type Examination Certificate

No. UKCA 745207

Product Specification

Product Name: 3M™ Half Masks - 7500 Series.

Product Type: Reusable Half Masks.

Models: 7501 - small size (standard industrial product)
7502 - medium size (standard industrial product)
7503 - large size (standard industrial product).

Technical Specification: Designated Standard EN 140:1998.

Product Description: The three Masks are of the same design only differing in terms of the size of the body of the Mask. The Head Cradle supplied assembled to the product can be replaced by the alternative end user fitted 3M 7585 Foldable Head Cradle.

The Masks are designed for use with a matching pair of the same type of 3M Filters and, where applicable, their associated 3M Filter Platforms and 3M Filter Retainers, from the range specified in the Reference Leaflet for the Masks. The Filters are subject of separate UKCA certificates.

The Masks are also included as a component of other 3M Respiratory Protective Systems.

EN 140 classification: Half masks for use with twin filters.

Packaged variants:

In addition to the products referenced on this Certificate, the standard industrial products may also be sold as market specific packaged variants. Such variants will be differentiated and the Technical File will be updated with the appropriate information.

Kits and packouts:

The products referenced on this Certificate may also be combined with other 3M products into a kit or packout. There will be no change to the product but the user information may vary. In such instances the Technical File will be updated with the appropriate information.
